Make a copy

- Go to your Google Drive and locate the copy of the file. **You may choose to rename the file at this point.** You may also want to add or delete slides at this point.
- Now, go to your Google Classroom and add an assignment. Select the Google Drive Symbol and find the resource that you want to assign your students. **YOU MUST MAKE A COPY FOR EACH STUDENT!**
- Since all answers are open-ended, I have added text boxes for students to type their answers. If you do not want them to complete each page, simply have them delete slides, or you can also delete them once you have made a copy of the file in Google Drive.
